AUDIT REPORT ON CONSOLIDATED FINANCIAL STATEMENTS ISSUED BY AN INDEPENDENT AUDITOR

Translation of a report and consolidated financial statements originally issued in Spanish. In the event of discrepancy, the Spanish-language version prevails

To the shareholders of HOLALUZ-CLIDOM, S.A.:

Report on the consolidated financial statements

Opinion

We have audited the consolidated financial statements of HOLALUZ-CLIDOM, S.A. (the Parent) and its subsidiaries (the Group), which comprise the consolidated balance sheet at December 31, 2025, the consolidated income statement, the consolidated statement of changes in equity, the consolidated cash flow statement, and the notes thereto for the year then ended.

In our opinion, except for the effects of the matter described in section *Basis for qualified opinion* of our report, the accompanying consolidated financial statements give a true and fair view, in all material respects, of consolidated equity and consolidated financial position of the Group at December 31, 2025 and of its financial performance and its consolidated cash flows, for the year then ended in accordance with the applicable regulatory framework for financial information in Spain (identified in Note 2 to the accompanying consolidated financial statements) and, specifically, the accounting principles and criteria contained therein.

Basis for qualified opinion

Under the "Bank borrowings – non-current" heading in the consolidated balance sheet at December 31, 2025, an amount of 33,172 thousand euros is included corresponding to borrowings from financial institutions which, under the terms of the related loan agreements, are subject to compliance with certain financial covenants. As disclosed in Note 15 to the accompanying consolidated financial statements, such financial covenants were not met at December 31, 2025 and, therefore, in accordance with the applicable financial reporting framework, the related borrowings should have been classified as current liabilities at that date, notwithstanding that a waiver was obtained on March 31, 2026 under the terms described in Note 23 to the accompanying consolidated financial statements. Consequently, the "Bank borrowings – non-current" heading in the consolidated balance sheet at December 31, 2025 is overstated by 33,172 thousand euros, and "Bank borrowings – current" is correspondingly understated by the same amount.

We conducted our audit in accordance with prevailing audit regulations in Spain. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report.

We are independent of the Group in accordance with the ethical requirements, including those related to independence, that are relevant to our audit of the financial statements in Spain as required by prevailing audit regulations. In this regard, we have not provided non-audit services nor have any situations or circumstances arisen that might have compromised our mandatory independence in a manner prohibited by the aforementioned requirements.

Domicilio Social: Calle de Raimundo Fernández Villaverde, 65. 28003 Madrid - Inscrita en el Registro Mercantil de Madrid, tomo 9.364 general, 8.130 de la sección 3• del Libro de Sociedades, folio 68, hoja nº 87.690-1, inscripción 1•. C.I.F. B-78970506.
A member firm of Ernst & Young Global Limited.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty relating to Going Concern

We draw attention to Note 2c) to the accompanying consolidated financial statements, which mentions some circumstances that may cast doubt on the Group's ability to continue as a going concern. In particular, said Note indicates that the Group has incurred losses amounting to 22.2 million euros in the year ended December 31, 2025 and shows negative working capital at December 31, 2025. In addition, the Note indicates that the normal course of the Group's operations and the fulfilment of its scheduled payment obligations depend on the successful implementation of its business plan and cash flow forecasts. These circumstances are indicative of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our audit opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Basis for qualified opinion* section and to the matter described in the *Material Uncertainty relating to Going Concern* section, we have determined that the matters described below are the key audit matters to be reported herein.

Recognition of unbilled revenue accrued

Description

The Group has recorded under the "Trade and other receivables - Trade receivables for sales and services" heading in the consolidated balance sheet at December 31, 2025, an amount of 7.9 million euros corresponding to sales of energy that has been supplied but not yet billed.

We have considered this area a key audit matter due to the fact that the recognition and measurement of unbilled sales at each year end requires making estimates, which entails applying judgment for establishing the assumptions considered by Parent Company Management regarding said estimates, and also due to the materiality of the amounts involved.

The information on the measurement accounting policies applied and the corresponding disclosures are presented in Notes 4.e.1 and 10 to the accompanying consolidated financial statements.

Our response

Our audit procedures for this area consisted, among others, in:

- Understanding the revenue recognition process established by Parent Company Management, evaluating the design and implementation of the relevant controls established in said process and verifying the operating effectiveness thereof.
- Assessing the reasonableness of the volume of unbilled energy by analyzing historical information and other external information.
- Checking that the rates applied in estimated revenue are correct, based on the tariffs set out in the corresponding contracts.

- Performing tests on the bills issued subsequent to year end and assessing the consistency of the estimates made.
- Performing substantive analytical procedures consisting in a review of the evolution of energy supply revenue, energy purchase costs and monthly margins.
- Reviewing the disclosures provided in the notes to the consolidated financial statements and assessing whether they are in accordance with the applicable regulatory framework for financial information.

Capitalization and analysis of the recovery of development costs

Description

The Group has recorded under the "Intangible assets - Development costs" heading in the consolidated balance sheet at December 31, 2025 development projects, for which internal and external resources have been used amounting to 21.9 million euros, which are amortized over their estimated five-year useful lives.

We have considered this area a key audit matter due to the materiality of the amounts involved and the high degree of judgment that Parent Company Management needs to apply to assess whether the requirements for capitalizing development costs are met, identify the existence of impairment indications and, where appropriate, estimate the recoverable amount at each year end.

The information on the measurement accounting policies applied and the corresponding disclosures are presented in Notes 4.a.2 and 6 to the accompanying consolidated financial statements.

Our response

Our audit procedures for this area consisted, among others, in:

- Understanding the process established by Parent Company Management for recognizing and measuring development costs, specifically, for capitalization, amortization and identification of potential impairment.
- Checking that the projects are specifically itemized, and its related costs have been clearly established and correctly calculated.
- Obtaining and reviewing the analysis conducted by Parent Company Management of the existence of evidence of the technical success and economic and commercial profitability of capitalized projects.
- Assessing, in cooperation with our valuation specialists, the methodology used by Parent Company Management in the impairment tests, verifying its consistency with the regulatory framework for financial information, the reasonableness of the key assumptions used for estimating the recoverable amount (including the ones related to expected future cash flows and discount and long-term growth rates) and the sensitivity of results to reasonably possible changes in the assumptions made.
- Reviewing the disclosures provided in the notes to the consolidated financial statements and assessing whether they are in accordance with the applicable regulatory framework for financial information.

Recoverability of deferred tax assets

Description

The Group has recorded in the consolidated balance sheet at December 31, 2025 deferred tax assets for tax credits related to unused tax loss carryforwards, tax deductions arisen in prior years and temporary differences for an overall amount of 20.1 million euros.

We have considered this area a key audit matter since the assessment done by Parent Company Management to determine the recoverable amount of these assets requires it to make complex judgments regarding future tax profit estimates, which are made based on the financial projections and business plans of the companies that comprise the tax group, considering the applicable tax and accounting regulations, as well as the materiality of the amount involved.

The information on the measurement accounting policies applied and the corresponding disclosures are presented in Notes 4.g and 19 to the accompanying consolidated financial statements.

Our response

Our audit procedures for this area consisted, among others, in:

- Understanding the process established by Parent Company Management for analyzing the recoverability of deferred tax assets.
- Assessing the reasonableness of the key assumptions considered by Parent Company Management to estimate the time period it will take to recover the deferred tax assets, focusing the assessment on economic, financial and tax assumptions used to estimate the future tax profits of the tax group based on budgets, business performance and historical experience.
- Assessing, in collaboration with our tax specialists, the key assumptions made by Group Management related to applicable tax regulations.
- Reviewing the disclosures provided in the notes to the consolidated financial statements and assessing whether they are in accordance with the applicable regulatory framework for financial information.

Other information: consolidated management report

Other information refers exclusively to the 2025 consolidated management report, the preparation of which is the responsibility of the Parent Company's directors and is not an integral part of the consolidated financial statements.

Our audit opinion on the consolidated financial statements does not cover the consolidated management report. Our responsibility for the consolidated management report, in conformity with prevailing audit regulations in Spain, entails:

a) Checking only that the consolidated non-financial statement was provided as stipulated by applicable regulations and, if not, disclose this fact.

b) Assessing and reporting on the consistency of the remaining information included in the consolidated management report with the consolidated financial statements, based on the knowledge of the Group obtained during the audit, in addition to evaluating and reporting on whether the content and presentation of this part of the consolidated management report are in conformity with applicable regulations. If, based on the work carried out, we conclude that there are material misstatements, we are required to disclose them.

Based on the work performed, as described above, we have verified that the information referred to in paragraph a) above is provided as stipulated by applicable regulations and that the remaining information contained in the consolidated management report is consistent with that provided in the 2025 consolidated financial statements and its content and presentation are in conformity with applicable regulations.

As described in the section *Basis for qualified opinion*, a material misstatement exists in the accompanying consolidated financial statements. We have concluded that this matter affects the accompanying consolidated management report in the same manner and to the same extent.

Responsibilities of the Parent Company's directors and the audit committee for the consolidated financial statements

The directors of the Parent Company are responsible for the preparation of the accompanying consolidated financial statements so that they give a true and fair view of the consolidated equity, financial position and results of the Group, in accordance with the regulatory framework for financial information applicable to the Group in Spain, identified in Note 2 to the accompanying consolidated financial statements, and for such internal control as they determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Parent Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Parent Company's audit committee is responsible for overseeing the consolidated financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with prevailing audit regulations in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with prevailing audit regulations in Spain, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Parent Company management.

- Conclude on the appropriateness of the Parent Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the audit committee of the Parent Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the audit committee of the Parent Company with a statement that we have complied with relevant ethical requirements, including those related to independence, and to communicate with them all matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the audit committee of the Parent Company, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter.

Report on other legal and regulatory requirements

Additional report to the audit committee of the Parent Company

The opinion expressed in this audit report is consistent with the additional report we issued to the audit committee of the Parent Company on April 14, 2026.

Term of engagement

The ordinary general shareholders' meeting held on June 9, 2023 appointed us as Group auditors for 3 years, commencing on December 31, 2023.

Previously, we were appointed as auditors by the shareholders for 3 years and we have been carrying out the audit of the financial statements continuously since September 30, 2019.

ERNST & YOUNG, S.L.
